Ivor Searle expands gearbox range with Ford Focus EcoBoost

The leading remanufacturer has added a manual transmission for the fourth-generation Ford Focus to its extensive product line

Adam Lane September 25, 2025 Comments Closed 0 likes

Ivor Searle, a leading remanufacturer, has added a manual transmission for the fourth-generation Ford Focus EcoBoost to its range of gearboxes for cars and LCVs. The six-speed Getrag unit is designed for the 1.0-litre, 125 bhp petrol models with Stop/Start systems, manufactured between 2019 and 2022.

The new gearbox is part of the company's "all-makes" programme of remanufactured engines, gearboxes, and turbochargers, which covers over **90%** of the **UK's** vehicle parc.

For added assurance, all Ivor Searle gearboxes come with a **12-month** unlimited mileage parts and labour warranty. The company holds extensive stock to ensure quick customer service and minimal vehicle downtime. It also provides free next-day **UK** mainland delivery for stock items ordered before **3.30 pm**.

Ivor Searle's new gearbox application is for the **Ford Focus 1.0 EcoBoost petrol** models from **2019** to **2022**.
